ELEVATING INTERIORS: TAILORED ABSTRACT ART FOR INSPIRED SPACES

ENERGY RESONANT ART:
BOLD WORK THAT SUPPORTS THE
ENERGY OF A SPACE, NOT JUST ITS
SURFACE.

WHEN A SPACE JUST FEELS RIGHT

We all know **when a space just feels right**.
Everything clicks. There's balance. Presence.
A kind of silent clarity.

But getting there... that's the hard part.
That's what sets a true professional apart from a decorator.

Every project brings its own complexities:
clients, light, scale, emotion, flow.
And art is often the final element... yet it can
shift the entire atmosphere.

For better, or worse.

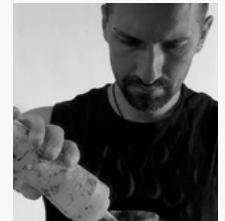

That's why **I create abstract artworks that don't just fill a wall: they respond to the space.**

My pieces are bold, but never demanding.
Each one is made to support the energy and mood you're creating, not compete with it.

This is Energy Resonant Art: paintings that
bring depth and presence, while still leaving
space for your vision to lead.

I work best with designers who feel the energy of a space, not just its layout.

If that's you, this might be the beginning of
something interesting.

Why Interior Designers Work With Me

- You want bold art that supports the space's energy, not steals it
- You care about atmosphere, not just colors and layout
- You want pieces that feel intentional, not generic
- You need collaboration without ego
- You're looking for art that adds depth, meaning, and value over time

THE INVISIBLE ELEMENT

As a designer, you're constantly balancing vision, materials, light, layout, budget; and **one thing few people name directly: the energy of a space.** The tone a client feels the moment they walk in, before they could explain why.

I create bold abstract artworks made to support exactly that. Each work is made in a state where control drops away: instinctive, physical, unplanned. I only understand what emerged once it's finished, then shape what surfaces so the piece speaks clearly.

The result: **art that holds presence, supports the energy of a room, and aligns with the story you're telling as a designer.**

"Your painting raised the light in our living room. We feel it every time we walk in."

ENERGY THAT SUPPORTS YOUR DESIGN STORY

I know that as a designer, you do more than arrange objects:
you shape how a space feels.

Choosing the right artwork, for you, isn't about matching colors or filling a wall. It's about reinforcing the feeling and intention that live at the heart of your design.

My work responds to space: it listens.

Each painting brings its own energy, which helps shape the atmosphere of a room. Whether you want grounding, upliftment, intimacy, or clarity, I can help you select, or adapt, pieces that align with the tone you're cultivating.

As the designer, you stay in the lead. I simply offer a layer of presence and depth, anchoring your vision.

What We Can Customize

- Size & format
- Color palette & tones
- Symbolic & energetic focus
- Level of visual boldness
- Orientation (horizontal, vertical, square)

Every project is different. I'm happy to adapt the artwork to support your vision, without compromising its essence.

CUSTOMIZED TO YOUR INTENTION

Each piece is one-of-a-kind, and **I'm happy to adapt my work** (color, scale, tone, even energy) **to suit the feel you want in your space.**

Some designers come with a very clear vision. Others sense the energy they want to evoke but haven't yet named it.

In both cases, **I'm here to listen, collaborate, and align**, never to impose.

This is not about adding "statement art." It's about **creating real alignment with your design's deepest intention.**

A GROWING BODY OF WORK (AND VALUE)

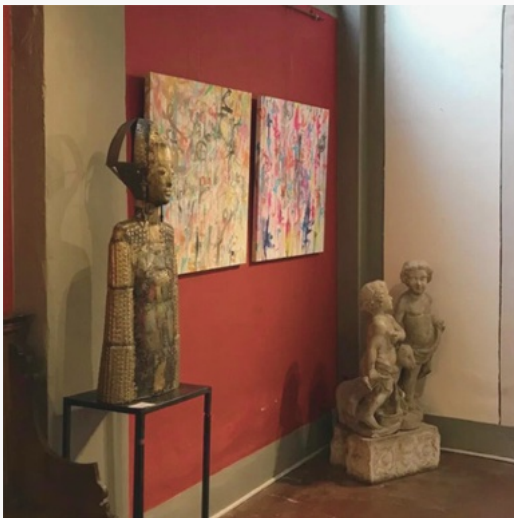

Beyond my core collection, I'm continuously creating new series and exploring new themes: from stillness and expansion, to clarity and transformation.

Over the past year, my work has grown in visibility and reach, gaining attention from collectors, galleries, and creative directors. My pieces have been exhibited in spaces like the Museum Bellini in **Florence**, the Palazzo dell'Emiciclo in **L'Aquila**, and the AAIEE Gallery Center in **Rome**.

Some of my artworks were also translated into limited-edition silk foulards, worn at events such as **Milan Fashion Week** and the **Festival de Cannes**.

For you, this means collaborating on pieces that not only enhance your design, but may also **increase in value and visibility over time**.

Energy Resonant Art in a high-end interior. Bold presence. Aligned with the room.

I'D LOVE TO COLLABORATE WITH YOU TO
BRING A SUBTLE BUT REAL ENERGY INTO
YOUR INTERIORS.

I fully respect the role of the designer: you're the one shaping the vision.

My role is to listen closely and offer pieces that support, elevate, and resonate with your design language.
